To Whom it may concern

Dear Sir/Madam

I have worked with Basil Harvey and HE Works for several years now.
I have always received a first-class service with works completed to a very high standard, completing on-time, to a budget and time scale.

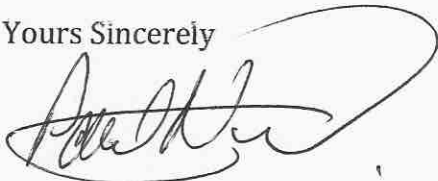

Basil and his team have worked outside of normal working hours to achieve my Clients tight and changing deadlines.

I know when an order is placed with He Works that I am going get the type of assistance to complete works without any worries. Which helps me to plan and complete in a timely manner.

I have worked with Mitsubishi Lifts & Escalators for many years, who require very high standards. So, when I call on Basil and HE Works I know these standards are going to be met in full.

I highly recommend Basil and his Company HE Works if you require a First Class Service.

Yours Sincerely

A handwritten signature in black ink, appearing to read 'Paul Neal', with a large, sweeping flourish extending to the right.
